Eutelsat has taken advantage of the current competitive market environment to raise long-term financing with a 5-year maturity at attractive conditions. The transaction was well received by a diversified investor base and was significantly over-subscribed, demonstrating the market’s confidence in Eutelsat’s long-term business model.

They will have a coupon of 1.125 percent per annum and will be cleared through Euroclear France, Clearstream and Euroclear. An application will be made for the Bonds to be listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange. The Bonds will mature on 23 June 2021. Delivery and settlement are expected on 23 June 2016.

Together with other sources of cash on its balance sheet the Bonds will enable Eutelsat to redeem at maturity the outstanding Bonds issued on 26 March 2010 for a total principal amount of €850 million, bearing interest on its principal amount at a fixed rate of 4.125 percent.
