Poland's TVN Warner Bros. Discovery boosting broadcasting services at Eutelsat's leading HOTBIRD video neighbourhood

- *Renewing and expanding capacity at Eutelsat's HOTBIRD video neighbourhood*
- *Additional capacity to support broadcast of Paris 2024 Olympics*

Paris, 8 July 2024 – Eutelsat Group (ISIN: FR0010221234 - Euronext Paris /

London Stock Exchange: ETL), and TVN Warner Bros Discovery, the Polish subsidiary of Warner Bros Discovery, have inked a new, multi-year, multi-transponder agreement renewing and expanding the group's capacity at Eutelsat's HOTBIRD video neighbourhood.

Under the deal, TVN Warner Bros. Discovery will leverage the premium HOTBIRD capacity to enhance its services across its existing footprint as well as to support its broadcast activities during the Paris 2024 Olympic and Paralympic Games. Part of the additional capacity will be used during the Games to distribute seven dedicated channels including a 4K UHD channel for the event.

HOTBIRD is Poland's leading satellite neighbourhood. With its unparalleled pan-European coverage, it serves 130 million homes across Europe alone and 156 million homes including the MENA region. In addition to directly reaching satellite homes, the satellites also distribute TV channels to 90% of cable and IPTV operators in Europe and MENA, making 13° East the leading DTH, cable, IP, and DTT provider across the region.

Laurence Delpy, President of the Video Business Unit commented: *"TVN Warner Bros. Discovery is an anchor customer of Eutelsat, and we are honoured that it is extending its relationship with us. The HOTBIRD video neighbourhood plays a leading role in the dynamic Polish broadcast market, offering unequalled coverage of homes across Poland and further afield. We are excited to continue to support TVN WBD, ensuring that millions of homes can enjoy its exceptional content."*

Krzysztof Kozłowski, Vice President – Chief Technology Officer of TVN Warner Bros. Discovery added: *"We are delighted to be able to rely on our long-standing partner, Eutelsat to assure top quality service continuity for our customers as well as to deliver prime quality coverage of the live sporting events at this Summer's Olympic and Paralympic Games to millions of homes."*

About Eutelsat Group

Eutelsat Group is a global leader in satellite communications, delivering connectivity and broadcast services worldwide. The Group was formed

through the combination of the Company and OneWeb in 2023, becoming the first fully integrated GEO-LEO satellite operator with a fleet of 36 Geostationary satellites and a Low Earth Orbit (LEO) constellation of more than 600 satellites. The Group addresses the needs of customers in four key verticals of Video, where it distributes more than 6,500 television channels, and the high-growth connectivity markets of Mobile Connectivity, Fixed Connectivity, and Government Services. Eutelsat Group's unique suite of in-orbit assets and ground infrastructure enables it to deliver integrated solutions to meet the needs of global customers. The Company is headquartered in Paris and the Eutelsat Group employs more than 1,700 people across more than 50 countries. The Group is committed to delivering safe, resilient, and environmentally sustainable connectivity to help bridge the digital divide. The Company is listed on the Euronext Paris Stock Exchange (ticker: ETL) and the London Stock Exchange (ticker: ETL)
