PSSI Global Services selects Eutelsat Group to expand Live sports content delivery over North America

- *Delivering premium Live sports events across North America*
- *Enabling PSSI to be a driving force for the continent's remote broadcast transmission services*
- *Highlighting the continued importance of satellite in the media supply chain for professional video*

Paris, 27 October 2023 – Eutelsat Communications (Euronext Paris, London Stock Exchange; ETL) announces that PSSI Global Services has signed a new

agreement, renewing and expanding a partnership for capacity on its EUTELSAT 113 West A satellite.

PSSI Global Services is a worldwide leader in broadcast transmission solutions for major live sports events. With over 40 years of experience, along with the Pittsburg Teleport Gateway and a fleet of over 30 C-band and Ku-band satellite uplink production trucks, PSSI offers a seamless end-to-end service, specializing in the coordination, production and distribution of domestic and international events. With Eutelsat Group as their primary satellite operator for the past 5 years, PSSI are continuing to grow their remote production services, for high value sports content contribution to broadcast rights holders, with premium North American clients including MMA, UFC, NFL, NHL, NBC Sports, PGA, FOX Sports, and CBS Sports.

Rob Lamb, Founder and Chief Operating Officer of PSSI Global Services commented: *“It has been our pleasure over the years to work closely with the Eutelsat team to provide transmission services for our broadcast and special event customers worldwide. The combination of the Eutelsat satellite transponder bandwidth along with the PSSI International Teleport (PIT) and Eutelsat Iztapalapa Teleport for satellite access control, reception and connectivity services has been a homerun for PSSI and our clientele.”*

José Ignacio González-Núñez, Eutelsat Group Senior Regional VP, Media Sales Americas added: *“We are delighted to further our relationship with PSSI Global in the delivery of Live premium Sports content and to support the expansion of the broadcaster ecosystem across North America. Professional video is an important market for Eutelsat Group and we ensure that our clients have the best services and capacity for their long-term needs. This collaboration pinpoints once again the vital role of satellite in the media supply chain for professional video, specifically major Live sporting events where prime quality is an absolute must.”*

About PSSI Global Services

Since 1979, PSSI Global Services has specialized in the coordination, production and distribution of domestic and international programming. As global live event management, transmission, production and connectivity

experts, PSSI Global Services seamlessly handles transmissions via C-band, Ku-band, fiber, IP and bonded cellular and provides live video, audio and data services across the globe. The company currently owns and operates over 50 mobile transmission vehicles – more than any other transmission services provider – based throughout North America, as well as PSSI International Teleport, PSSI Pittsburgh Videotech Center, and international and domestic C/Ku flyaway uplink systems.
